The new software is powerful, sleek, and a perfect companion to the iPhone 5s and 5c—but it's wildly different. Fortunately, David Pogue is back with an expanded edition of his witty, full-color guide: the world's most popular iPhone book. The important stuff you need to know: The iPhone 5s. This book unearths all the secrets of the newest iPhone—faster chip, dual-color flash, fingerprint scanner, and more—and its colorful companion, the 5c. The iOS 7 software. Older iPhones gain Control Center, AirDrop, iTunes Radio, free Internet phone calls, and about 197 more new features. This book covers it all. The apps. That catalog of 1,000,000 add-on programs makes the iPhone's phone features almost secondary. Now you'll know how to find, manage, and exploit those apps. The iPhone may be the world's coolest computer, but it's still a computer, with all of a computer's complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone addict.

The Routledge Handbook of Insurgency and Counterinsurgency - Paul B. Rich - 2012-03-15

This new handbook provides a wide-ranging overview of the current state of academic analysis and debate on insurgency and counterinsurgency, as well as an-up-to date survey of contemporary insurgent movements and counter-insurgencies. In recent years, and more specifically since the insurgency in Iraq from 2003, academic interest in insurgency and counterinsurgency has substantially increased. These topics have become dominant themes on

the security agenda, replacing peacekeeping, humanitarian operations and terrorism as key concepts. The aim of this volume is to showcase the rich thinking that is available in the area of insurgency and counterinsurgency studies and act as a further guide for study and research. In order to contain this wide-ranging topic within an accessible and informative framework, the Editors have divided the text into three key parts: Part I: Theoretical and Analytical Issues Part II: Insurgent Movements Part III: Counterinsurgency Cases The Routledge Handbook of Insurgency and Counterinsurgency will be of great interest to all students of insurgency and small wars, terrorism/counter-terrorism, strategic studies, security studies and IR in general, as well as professional military colleges and policymakers.
